# TENNESSEE GENERAL ASSEMBLY FISCAL REVIEW COMMITTEE

## FISCAL MEMORANDUM

## SB 1649 – HB 2176

April 7, 2014

**SUMMARY OF ORIGINAL BILL:** Prohibits release eligibility for attempted first degree murder that results in serious bodily injury until the offender has served 90 percent of the sentence imposed less sentence credits earned, but sentence credits cannot reduce the percent served below 80 percent.

#### FISCAL IMPACT OF ORIGINAL BILL:

Increase State Expenditures – \$71,900/Incarceration\*

**SUMMARY OF AMENDMENT (015979):** Deletes all language after the enacting clause.

Changes the due date for the report to the court showing progress toward achievement of the authorized objective of a wiretap warrant from the tenth day after the order is entered to the tenth day after the interception begins or is extended. Authorizes a judge to order all reports to be consolidated into a single report if the judge has issued orders for multiple telephones that all pertain to the same investigation.

#### FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENT:

#### **NOT SIGNIFICANT**

Assumptions for the bill as amended:

- Under current law, the required progress report must be submitted on the tenth day after the order or any extension of the order is entered. The order may be entered before the interception actually begins.
- The proposed legislation's impact, if any, would lessen the administration of a wiretap warrant.
- It is assumed that this impact is not significant
